"The Reality of Living with Illness Impacts on the Sexuality of Many Patients. This is Particularly So with a Disease such as Rheumatoid Arthritis as it is a Chronic Systemic Inflammatory Condition that is Both Painful and Potentially Physically Disabling."
The Three E's: Educating, Empowering, and Enabling Our Patients. This requires the nurse to work in partnership with the patient and their carers and to adopt a holistic approach to care.

**Objective**

To study the effect of individual nursing consultations in patients treated with disease-modifying antirheumatic drugs (DMARDs) in a rheumatology outpatient setting. Patients with inflammatory arthritis who had started with a DMARD regimen 3 months before were randomized to two different follow-up consultation systems: either follow-up by a clinical nurse specialist or a rheumatologist.
